

## *The Awesome Document Factory*

WeasyPrint is a smart solution helping web developers to create PDF documents. It turns simple **HTML pages** into gorgeous:

- Statistical reports
- Invoices
- Tickets

WeasyPrint is free and open source software that can be easily plugged to your applications and websites.

## About

WeasyPrint has been created and developed by [Kozea](#). Professional support, maintenance and community management is provided by [CourtBouillon](#).

## Professional Support

You can improve your experience with WeasyPrint thanks to our professional support.

- | A bug is driving you crazy and you want it to be fixed as soon as possible?
- | Your documents are nice, but a new feature would make them awesome?
- | You have a sweet design, but need help to convert it in HTML/CSS template?

Please contact us by [mail](#), by [chat](#) or by [tweet](#) to get in touch, we'll be happy to find the best way to help you!

## Get Involved

### Use WeasyPrint

You are a web designer or a developer interested in trying WeasyPrint? Just follow the few steps given in the [First steps](#) section of the documentation.

### Report Bugs

We are trying our best to provide stable and reliable versions of WeasyPrint. If you find a problem in the latest version, please [open a new issue on GitHub](#) ... if nobody already did!

### Improve Code & Documentation

WeasyPrint is free and open source software, meaning that you can improve it for yourself and for the others. [Get the source](#)! And even if you have no programming skills, you can help us improving [the documentation](#).

## Donate

If you want to see WeasyPrint grow and become even better, [support us by providing a financial help](#). Let us drive the development of the features and improvements that matter to you!

## Tell Us About You

Meeting our wonderful users is the best way to discover the real needs of companies, developers and final customers. Happy? Unhappy? Please let us know how we could provide you a better experience, or how useful WeasyPrint is in your daily life.
